

PEACOC

AS OUR PROJECT PEACOC IS COMING TO AN END WE ARE PROUD TO PRESENT OUR RESULTS

Small and medium-sized enterprises in the construction sector, contractors and sub-contractors, Suppliers, Manufacturers, designers and other consultants, and owners/developers, can now access our tools to reap the benefits of e-Commerce:

- a course that offers action-based, practical options to the use of e-commerce to improve their business.
- an e-Business Strategy Genie that can effectively personalise the course, offering them specific actions based on their needs.
- a community of practice for construction companies and other stakeholders through a virtual Academy that can be used to share knowledge, practices, and the project results themselves.

e-Business Management Course and e-Business Strategy Genie

e-Business Strategy Genie is a great way to enter the e-Business Management course. By filling out the questionnaire, Genie learns about your specific needs and skill gaps. Based on this, it personalises the e-Business Management course and guides you to the modules and action cards that best fit your needs.

Latest news from us

On Tuesday 20 October 2022 the consortium held the **last face-to-face meeting**. We met in Edinburgh as the meeting was hosted by our project coordinator CIVIC. We discussed the progress of the project and about all project outputs and provided feedback to each other. We have completed the planning of the multiplier events and discussed the dissemination and quality assurance activities and tasks.

October and November 2022 was the time for our **multiplier events**. With these events we presented our project results to the interested public. We were happy to see a lot of interest in e-Business Management Course and e-Business Strategy Genie. We invited the participants to join the PEACOC Academy and create a community to share knowledge and experience of e-business in construction.
